

MAJORIE BUENDIA

DATA ANALYST | EXCEL SPECIALIST

Las Piñas City, Metro Manila, Philippines | buendiamajoriecsa.gmail.com | 09753073436

PROFESSIONAL SUMMARY

Detail-oriented and results-driven Data Analytics senior student with expertise in Advanced Microsoft Excel, Pivot Tables, and interactive dashboard creation. Proven track record in data cleaning, sales and financial reporting, and trend analysis through real-world internship and academic project leadership. Skilled at translating complex datasets into clear, actionable business insights to support data-driven decision-making.

TECHNICAL SKILLS

Core Analytics Tool:	Microsoft Excel (Pivot Tables, Dynamic Charts, Advanced Formulas)
Analytical Competencies:	Data Cleaning & Structuring, Exploratory Data Analysis (EDA), Sales & Financial Reporting, Dashboard Design

WORK & INTERNSHIP EXPERIENCE

Data Analyst Intern (OJT) | SM Investments Corporation / BDO Unibank

Nov 2026 – Feb 2027

Pasay City, Metro Manila, Philippines

- **Data Cleaning & Preparation:** Cleaned, structured, and validated datasets exceeding 50,000+ transaction records using Microsoft Excel (*Text-to-Columns, Data Validation, and Duplicate Removal*) to ensure high data accuracy and consistency.
- **Interactive Dashboard Creation:** Built dynamic Excel dashboards utilizing Slicers, Pivot Tables, and Pivot Charts to track monthly sales performance and key business metrics for leadership review.
- **Advanced Formula Automation:** Applied complex Excel functions (*SUMIFS, COUNTIFS, and Logical IF statements*) to automate data processing and reduce weekly reporting preparation time.
- **Reporting & Data Storytelling:** Summarized raw transactional data into clean executive reports, assisting team leads in identifying peak sales periods and key consumer purchasing trends

Excel Data Analyst – Student Project Lead | Datamex College of Saint Adeline

Jun 2026 – Oct 2026

Metro Manila, Philippines

- **Sales & Inventory Optimization:** Analyzed enterprise sales data using Microsoft Excel to identify slow-moving inventory and top-performing product categories.
- **Automated Template Design:** Designed reusable Excel spreadsheet templates with Conditional Formatting and automated formulas, reducing repetitive manual data entry effort by 50%.
- **Statistical Summarization:** Utilized the Excel Data Analysis Toolpak to perform descriptive statistics and variance analysis to track sales performance and trends.

EDUCATION

Bachelor of Science in Information Technology

Graduated March 2027

Datamex College of Saint Adeline — Specialization in Data Analytics
